23	I'd be concerned that it would lead to a gender challenge for full membership	7/24/2024 7:45 PM

25	Leave 1200 local members plus 1200 country members is enough	7/24/2024 1:37 PM

48	If they had a golfing handicap they could not be a house member	7/22/2024 7:54 PM
49	Leave Ladies should still be signed in by a man. St.Andrews is unique in that we still have ladies and men's clubs, ie our club and the new club, if we allow lady members it could be the downfall of the ladies clubs.	7/22/2024 7:36 PM
50	Spouse House membership should be for spouses,partners of existing members only	7/22/2024 7:00 PM

58	Leave The club has gone far enough with women admittance.	7/22/2024 5:38 PM
59	Leave We are privileged to be a single sex club and should stay that way	7/22/2024 5:21 PM
60	Revenue Hopefully a mixed house membership would bring in more business for the likes of the bar& kitchen	7/22/2024 5:00 PM

65	Obvious	7/22/2024 4:24 PM
66	Positive If this category were to be introduced I would prefer to also be open to golfers who are members of other clubs and in particular members of the Ladies golf club in St Andrews who perhaps do not have access to bar and catering facilities	7/22/2024 4:23 PM
67	There is a danger that the club dynamic is changing into a social club to the detriment of golfers. Ladies and other guests are welcome but this is not another coffee shop or meeting place.	7/22/2024 4:21 PM
68	If St Rule and St Regs were to take a similar stance then I think we will need to consider that if they don't then I would leave the club as male only	7/22/2024 4:20 PM
69	Leave Male only male only	7/22/2024 4:18 PM
70	Progressive Revenue More members needed who will spend time in clubhouse	7/22/2024 4:17 PM
71	Revenue This may help bring extra revenue into the club.	7/22/2024 4:12 PM
72	Positive Would be extremely difficult (and potentially embarrassing PR) to limit this to male only.	7/22/2024 4:10 PM
73	Why would non-golfers wish to be in a golfing club? Club or society is usually a group of like minded individuals.	7/22/2024 4:06 PM
74	House membership may exclude open event or Thursday or Saturday access at least initially. Female guests are welcome on a sign in basis but should be accompanied. It's a male club so this should be the main user group	7/22/2024 4:04 PM
75	There is already a separate Club.	7/22/2024 4:02 PM

Q5 There is no requirement to introduce a house membership category at this time.

16	Supportive I'm close enough to the situation to have a strong opinion. But I think more members using the club would be a great thing. An important issue is if this category will be a full voting member or simply a vat-paying non-member with access privileges. I presume the committee are considering the former, but I think the issue should be looked at closely to give members the best understanding of any proposal.	7/24/2024 8:44 PM

6	Positive suggestions Additional lockers rooms, changing facilities, storage space, or even an additional lounge. It could be used as a Junior Room, a multi-gym space, a putting/golf simulator space. If women are to be introduced to the Golf Club, then they will require a space to change and store belongings. The space needs to be used but the direction that the Golf Club is going needs to be determined first before any decision can be made.	7/29/2024 10:43 AM

10	Not valued I would love to see it in use, but I have no idea if the demand would warrant any work to update it and additional staffing. I wouldn't support it just to give us another service point. 24	Apartments I think rental apartments would be popular and a money generator for the club (although a lot of additional admin) as well as help members deal with the difficult local lodging situation. I don't think a junior room would get used enough. That said, I have no strong opinion and would support any sensible plan put forth by the committee (including doing nothing or minimum spend safety work and using it for storage).	7/24/2024 8:44 PM

1	Storage How can anyone answer questions on the house membership when there is no indication of what it consists of	8/11/2024 7:04 AM
2	Storage I have noticed how in the new R&A Clubhouse development how they have incorporated their trolley storage into the locker room development. I realise the cost aspect is a major factor in the decision making. I think a secure storage area for members would improve the facilities within the club for members.	8/9/2024 8:23 AM
3	Merge with the St Rule Club next door and use the money to do full refurb (while using the other one).	8/6/2024 8:24 PM
4	Development Do something with the snooker room, the best view in world golf used for 2 outdated snooker tables by a tiny fraction of the membership a tiny fraction of the time. An absolute waste. Put snooker table in the basement and turn the top floor into a bar/function room, improve the junior room area, turn part of the basement into a gym/warmup area. massive opportunity to revive the clubhouse and move away from outdated model requiring consumption of alcohol at the bar which is happening less and less.	8/6/2024 4:38 PM
5	No change Yea don't think we need to change our gender in the club as there are female club available some thing are best left alone	8/5/2024 2:59 PM
6	no	8/5/2024 2:41 PM
7	Development Use the basement to generate an income stream for the club whether a rental flat/business or a fee paying service for members	8/4/2024 10:04 PM
8	Social The club is underused at present and social membership is a good idea to increase income. However if social/house membership is introduced, it should be a similar price to full membership. We all pay a direct charge for our golf and social members would cause the same wear and tear on the building as members who play golf. I would not be happy with such AI membership unless such members were paying at least 75% of the usual membership fee.	8/3/2024 10:02 PM
9	No change Please keep the Club as a Golf club which is what is was founded as unhistorically	8/3/2024 6:35 PM

12	Development Would the basement not offer a larger space for merchandise if converted to a club shop with storage of stock adjacent and a changing room to try things on? It would also allow the current shop to be used as a reading room/quiet space for members who want to do a bit of work or if bookable could be a great meeting room for members/chargeable for non members at a premium charge given the location	8/2/2024 7:15 PM
13	Accommodation I think the basement is a wasted space. Probably best use would be accommodation.	8/2/2024 6:45 PM
14	Accommodation The apartments would be a huge money spinner and brilliant property to have within the club. It's possible the bar manager could take on an all encompassing role of property manager The club shop needs to be expanded huge retail opportunities being missed and women's clothing should be added to the range	8/2/2024 5:53 PM

19	Is the club short of cash?	7/29/2024 7:24 PM
20	Further information, details, and evidence is required to answer many of the questions in this survey in a fair and accurate manner. Without evidence it is hard to justify giving a full answer and merely becomes an opinion based survey based upon ideologies rather than practicality. Has there been a request from the current Membership about creating a Social Membership category? If a social category was introduced, I would expect that category to pay at least 50% of a full membership fee, otherwise it would be more beneficial to be a Social Member and use the Scottish Golf app to maintain your handicap. If a social membership category is introduced, how do you prioritise seating and space to those Members who have paid for a full membership and who have completed their rounds of golf? Every member is to be treated equally. Questions 8 is almost impossible to answer when no figures are given for any of the examples provided. Further details would be required to be able to give an accurate answer, which should be based on evidence. I am sure that the group who run the club will do the right thing by giving the membership all the information and evidence required to then make progress with this survey.	7/29/2024 10:43 AM

22	Positive feedback It is good to see the committee asking for input from members and bringing forward progressive ideas. Well done.	7/27/2024 4:10 PM
23	My concern is the links directive capping the TCT ticket at 200. I believe the number of TCT tickets issued is currently 210. So;- 1) Why was it introduced? 2) Whats the knock on effect to the club/s of St Andrews of this 200 cap? 3) Why would a new member join a golf club (at full fee) and not even get even limited access to golf? 4) Does the club need to look at yet another category of membership? ie TCT wait list?	7/27/2024 10:13 AM
24	Social House membership should be restricted to family members of full members and at a low cost eg £50	7/26/2024 6:20 PM

26	Very pleased with the work of the committee	7/26/2024 6:02 PM
27	Accommodation I think it would be a nice addition and provide a modest return on investment over time from creating rental rooms inside the club. This is a trend around the world. As for the House membership, I don't have strong feelings, so if a proforma could be provided that showed how opening up the club would add revenue without changing the culture, I could change my mind.	7/26/2024 4:51 PM
28	None	7/26/2024 4:46 PM
29	Development Social I think the current bar area is poorly supported and to improve traffic to support revenue into the club additional house members would be a welcome addition. At times where the current bar area was required then house only members could be advised to use the refurbished lower bar area. (Or visa versa). Also food could be available in the lower bar area as an attraction.	7/26/2024 4:39 PM
30	if changes to the basement area meant that members bore costs for those changes you would meet some resistance to the proposal	7/26/2024 2:48 PM
31	Development Speaking as an Architect I would comment that neither the clubhouse location nor its rooms/ spaces are vastly under utilised and not meeting their true potential. You need only look at the recent Rusacks redevelopment to see that the rooftop room currently use dfor the snooker tables offers potential for a wonderful roof top bar & terrace overlooking the 18th green. This room currently used for the snooker tables used by only a fraction of the membership - the snooker rooms would lend themselves to being relocated to the basement to allow the upper rooftop room to be redeveloped as a bar area that both members, guests and visitors could enjoy the unique view.	7/26/2024 11:00 AM
32	Juniors If the basement area was fully utilised as a junior room and requiring no further staff, then this is a good option, but in my opinion it would not be fully used	7/25/2024 6:30 PM
33	As a long time member with The St.Andrews Club as my Home club, I think it's about time to discuss changes to the country membership category. Many of us feel that we cannot get places in our own competitions and events. Changes must be made.	7/25/2024 3:50 PM
34	Positive feedback Thank you for polling the members. I think everything you're considering is sensible. I wish you luck, and you have my support. Completely off topic, but I would love to see the club start to offer towels for the showers.	7/24/2024 8:44 PM

Open late in the season , winter hours according to demand . The use of the basement for golfing events and other members needs ... such as celebrations and other similar events. Although the apartment idea will bring in revenue. Non golfers will have an exclusive post code to either use as a gastro pub and restaurant and bring in guests and revenue to off set the cost of the apartment idea .	7/24/2024 1:25 PM

42	All methods possible should be implemented to increase footfall and F&B revenue for the club. Currently all facilities especially F&B are underutilised.	7/24/2024 10:21 AM
43	Accommodation Development The upgrading to accommodation is another revenue source that is essential to upgrade the services to members and upstairs should also be considered	7/24/2024 10:04 AM
44	Don't really want to see an increase in membership costs to renovate this space, especially if it will generate income in the future that won't be used to offset membership rises (rentals). Would have been interesting to see an email proposal/briefing on the house membership idea and proposal before having to vote on it too. I have voted against it but might have felt different if I knew more about it	7/24/2024 8:33 AM

46	Accommodation Development If additional social members then may be scope for development and use as social space (bar or coffee area) If not then best converted into rental apartments	7/23/2024 6:12 PM
47	Social The club needs more people in the clubhouse by whatever means. House/social members is a logical start. Use the basement for public access - shop, coffee - if we can in anyway.	7/23/2024 5:45 PM
48	Accommodation Far more information needs to be required to allow us to provide meaningful answers to this. What is the case for new membership category? What are the drivers? Same with the basement: why change or improve it? And what purpose are we really lacking?	7/23/2024 3:51 PM
49	Rental accommodation should be provided for the use of members similar to the New Club arrangements.	7/23/2024 3:45 PM
50	Development Juniors If the basement is not used for apartments then it should be a refurbished bar, playing music, (a dirty bar) with a junior room to the side giving them a space to use and enjoy. They do not currently use the club as there is nowhere for them to use.	7/23/2024 3:37 PM
51	I prefer to leave this to the local membership	7/23/2024 2:49 PM
52	Social Any extra custom into the club would be beneficial, the bar is empty too often.	7/23/2024 2:15 PM
53	Development As above. Plan A would be gym/warm up area, plan B better junior facilities, alternatively for rental apartments. Would also look at the use of the snooker room and middle lounge, huge potential but rarely ever used. Do we really need a whole floor dedicated to 2 snooker tables used by a handful of members at a time? Could we compartmentalise this into a rear snooker room of one table with darts and then create a new bar with extended balcony. Please think big, chance to utilise our location far better than we do.	7/23/2024 1:46 PM

56	You need to offer a low rate house membership to increase the trade in the bar and restaurant. Apartments for members would be a great addition to the club	7/23/2024 12:27 PM
57	Development Social The Club had to loosen the purse strings & start to spend on a considerable make over off the whole building. Mainly cosmetic but the main bar in the members lounge needs ripped out & something more contemporary & stylish. Dare I say New Club? All the rooms are tired looking 80's golf club vibe. The club needs to be brought up to 2024. It's overlooking the 18th green at St. Andrews! It needs to be 5 star & high end - make it one of the worlds most exclusive clubs. also spend money on good staff. Pay excellent wages & pension. You should be paying a top Chef & his staff top wages that way you get higher standards & longevity/continuity.' 'Ah' but the kitchen is quiet in Winter - so what! it's a seasonal town. The committee needs to indulge the members it needs to spend money, being prudent & tight is admirable & has got us to where we are today financially. Time to spend a (very) large chunk of those cash reserves.	7/23/2024 12:26 PM

59	None	7/23/2024 10:47 AM
60	Accommodation The new proposed house members would go a little way to funding development of the basement Having rental apartments with members or guests of members being able to book and pay would help maintenance costs of the apartments. Let's proactively use a space that is currently not used I strongly support the possible change to apartments not offices	7/23/2024 10:24 AM

70	Although howdidido is a great tool for accepting scores. I personally feel the club has lost out on revenue as we personally used to go back after our game and get something to eat (if the chef was still there) and a couple of pints. The physical action of entering your score in the club has certainly been lost and in my opinion the club has lost out on much needed revenue.	7/23/2024 7:41 AM
71	Development I think this survey is great, but all changes should consider the long term strategy of the club, we've ran successfully year on year but is there a view of what 2030 / 2035 looks like, where does the club need to be at that time to keep itself as a prime club in the world?	7/23/2024 7:41 AM
72	Positive feedback Just that the staff and management committee deserve recognition & thanks for maintaining an excellent Club experience !	7/23/2024 7:31 AM
73	Catering Feel more needs to be done to promote upstairs catering evening meals light entertainment	7/23/2024 6:48 AM
74	For 2025 a 'bar levy' of £100 should be implemented; if this amount is not used by the end of the year then the balance should be transferred to the Club funds. There are too many members solely using the Club to obtain a Links Ticket. I'd also increase 'Country Membership' Fees by £50 above the local rate.	7/23/2024 6:00 AM
75	What is the rationale for the club not having a license that allows alcohol consumption on the patio area? There's already a bench to sit in the summer and have a beer, there could be an additional seating area for when the weather is like it is just now	7/22/2024 10:44 PM

76	Social We need to be more inclusive and welcome non members and juniors into mainstream.	7/22/2024 9:42 PM
77	What has driven the need for the above questions?	7/22/2024 9:36 PM
78	Catering There is alot ifs and buts and how and whys and we should only be looking at one thing at a time basement area should be left until house membership goes forward or not and how many people take it up As you could move kitchen into basement area so a bigger kitchen for the demands if house membership takes off and where current kitchen is could be upstairs bar then dining room is made bigger for the demands Also you could offer St Regs GC only house membership, as they had this deal at the New GC and alot of ladies took it up but New GC had to stop it because it upset there house members. Biggest question would be staffing, as St Andrews GC has struggled this year to service's the membership as been too busy upstairs so if we got house members how would that affect the golfing member?	7/22/2024 8:59 PM
79	Decide what it will be used for, then choose to go ahead with plan.	7/22/2024 8:54 PM
80	Essential investment is required to meet future overheads. Example being, roofing, heating system and generally funding to meet high maintenance costs in the future.	7/22/2024 8:35 PM
81	Accommodation I agree on bar refurbishment but also agree on rental apartments as a possibility	7/22/2024 8:21 PM
82	Positive feedback It is good to see the new leadership team in the club being proactive in looking at options for improving the club going forward	7/22/2024 8:08 PM
83	No	7/22/2024 8:00 PM
84	To convert to apartments with no real outlook is less attractive. It would be higher use if capital and require a lot more management of letting.	7/22/2024 7:54 PM
85	Positive feedback I think it's a great thing the club are sending out surveys,	7/22/2024 7:36 PM
86	Juniors The promotion of an inclusive and welcoming area for Juniors would be great	7/22/2024 6:45 PM
87	Any plan needs to have a sound financial ROI basis	7/22/2024 6:31 PM
88	Positive feedback It's an honor to be a member!	7/22/2024 6:27 PM
89	As a new member and have been injured most of the season have not made use of the club as I would like but think any improvements as long as costed correctly are a good thing.	7/22/2024 6:24 PM
90	Need to open the club up to the public to get better use of the building.	7/22/2024 6:17 PM
91	Juniors I think making it into a social bar area is a great idea - Pool Tables - dart board (better downstairs) Make the area esp for juniors could attract more young members No other club has this	7/22/2024 6:15 PM
92	Development Absolutely must do something with it. I would love to rent it and run my physio clinic from it at the right price.	7/22/2024 6:04 PM
93	We need a program for 5-10-15 years we always had won in the past an area every year till we are back on track but starting with the basement the revenue from this will fill all the gaps in the future to revamp all our parts of our club but build in a program where no future committee can override this is been the problem in the past looking forward is the way ahead	7/22/2024 6:04 PM
94	Catering Catering is an issue within the club with short notice cancellations. Perhaps if looking to utilise additional membership options this also needs to be looked at to encourage more people to use the club	7/22/2024 6:03 PM
95	Yes, I'm currently a member but gave up my links ticket due to lack of playing at St Andrews. I'm effectively a house member. Are there any competitions that I could play in? Kingsbarns Day ? Or any other non links courses? I now use my membership during The Dunhill, Opens etc. or when visiting St Andrews for the day. Grange & Broughty member and director of the club for 10 years. Happy to take a phone call 07778110286 for additional comments - feedback	7/22/2024 6:02 PM
96	Development The club has lost its way in recent years and under the leadership of Captain, Jim Melville, major strides have been made in turning the club around. The ambiance of the clubhouse is not welcoming and the whole building is in need of modernisation. Apartments and house membership would provide the income necessary to undertake this modernisation.	7/22/2024 5:53 PM
97	I like women, but too many change the vibe. Stop promoting.	7/22/2024 5:38 PM

Committee Engagement Survey

98	No	7/22/2024 5:37 PM
99	No change Do the committee believe there is a necessity to provide a house membership section to the club or is there appetite in the membership for this? Could this be clarified when the results of the survey are done?	7/22/2024 5:34 PM
100	Juniors Alcohol free bar, and using it as a space for Junior members would be a good idea	7/22/2024 5:30 PM
101	Accommodation I know there are plans drawn up to convert this space into accommodation and do not see any reason why this could not happen. Each room has its own ' fire escape' route	7/22/2024 5:27 PM
102	Social Suggest keeping House Membership to 200 initially to see how things go.	7/22/2024 5:23 PM
103	This survey seems to be sent out with the express purpose of measuring the appetite of the membership in creating social/house membership and in addition developing/renovating the basement area. Particularly in regards to the basement area I believe that there are aspects of the building that require more pressing attention. I approached the club several years ago requesting that the club explore the accessibility of the club, particularly for disabled members and their guests. The secretary seemed keen to investigate this at that time, but as of now nothing seems to have been done to progress this. The club did purchase a fold away wheelchair ramp at the time of the Open Championship, but in this day and age a more permanent solution is required.	7/22/2024 5:14 PM
104	Rental income would be very welcome and I would also look at franchising the bar and catering out. This would drastically cut the losses currently made.	7/22/2024 5:09 PM
105	Positive feedback Excellent to see a survey coming to the members for opinions to be taken . Exactly what a responsible committee should do to ensure they represent the members interests.	7/22/2024 5:03 PM
106	No change Gender policies are a very delicate subject personally and professionally. Why accelerate to he matter. And as in other cases open a large can of worms.	7/22/2024 4:56 PM
107	I travel from East Kilbride but always make a point of coming to the club after my round whenever I play in St Andrew's. I realise we are a members club but feel we could utilize the space more to generate income and would like to see the club busier in the evenings.	7/22/2024 4:52 PM
108	What is reason for introducing a house membership at this time? Are facilities underused? Declining membership? Money? This should be explained a bit better.	7/22/2024 4:51 PM
109	Levy Spend the money to get the basement in a Top condition to attract members into the club and I would also include a minimum levy of £100 on EVERY Member to be spent in the bar on drinks ONLY both soft or alcohol refreshments. The amount of members that don't use the facility is concerning with the sign in on howdidido no cards being dropped off.	7/22/2024 4:47 PM
110	Juniors To be honest I'm not full familiar with the extent of existing facilities, but if these are limited and this initiative would support the ongoing investment in junior golf and the lifeblood of the club then it would seem an appropriate investment of the commercials all stack up	7/22/2024 4:44 PM
111	Depends on costings	7/22/2024 4:43 PM
112	No change Keep the facilities and club for golfers first and foremost, which is why I do not support a house membership category.	7/22/2024 4:40 PM
113	We can always use a better quality locker room.	7/22/2024 4:40 PM
114	Storage Storage area for caddie carts.	7/22/2024 4:34 PM
115	Positive feedback The members put the committee in position to run the club . I support the committee to make the decisions for the club and its members	7/22/2024 4:26 PM
116	Re 8 & 9 difficult to answer without context. However logic of getting to an acceptable and safe standard and not leave as is sounds sensible.	7/22/2024 4:26 PM
117	It would seem to be a waste to not use the space at all	7/22/2024 4:23 PM
118	Levy Is the basement a viable asset? If the committee can identify a revenue stream, and a cost/benefit analysis supports the case, then it seems an option which needs to be considered. However for some time the accounts indicate that the shop is the only area which runs at a profit. I don't think that expanding the number of members through an additional category, with potential to exceed the buildings capacity to accommodate them, is the answer. I'm aware that this is not popular, but introducing a levy for spending in the bar or shop could get round the problem of those who do not support the club?	7/22/2024 4:21 PM

Committee Engagement Survey

119	St Andrews Golf Club is in need a complete review on how it is managed and get away from the committee approach and allow the club to be managed by a GM with a core team of professionals (F&B and Admin) rather than the current system. It doesn't work and we don't even have a golf course to worry about. The committee can still exist but with an oversight role but choosing beer/menus/ordering papers and dealing with HR issues has to be under the control of a trained GM/Sec.	7/22/2024 4:20 PM
120	Old Course tee imes for membets	7/22/2024 4:18 PM
121	Please consider a lower membership fee for foreign members. I have been a member for 30 years and have been once in the clubhouse. Us foreign members use no resources but support the club. Money is getting tighter everywhere in the world and a Club should think of ALL its members.	7/22/2024 4:18 PM
122	Need to make the basement a more attractive area	7/22/2024 4:17 PM
123	For the basement area, I have answered the questions but would have to see the area before making final comments. Happy to help develop the area.	7/22/2024 4:16 PM
124	I think it would make the Overseas membership cat.disappear by creating an option to use the club with equal conditions.	7/22/2024 4:13 PM
125	As a member who has not used the facilities in a couple of years I feel I don't have any skin in the game. I do hope to use the clubhouse a lot more in the future once I get my links ticket. More places to drink are always good as far as I'm concerned and upgrading of unused areas can only be a positive thing.	7/22/2024 4:11 PM
126	Accommodation Development The current clubhouse is dull and uninviting - it needs to be fully refreshed to a modern and quality standard. The use of basement as rental flats could assist with this full refurbishment.	7/22/2024 4:10 PM
127	No change No	7/22/2024 4:10 PM
128	Development Any possible new revenue space should be considered.	7/22/2024 4:05 PM
129	Accommodation Development Fully supportive of development of the basement. Other clubs in town successfully run accommodation for members and is a great addition to any club. It not only provides revenue but creates a further buzz around the town. Management could be contracted out and the investment could yield a reasonable return whilst also enhancing asset value significantly. Happy to provide input on residential angle including layouts, values etc.	7/22/2024 4:04 PM
130	Basement apartments would support high occupancy use of the club year round and be of benefit to many many members not lucky enough to stay in the town itself. Breakfast/ lunch and dinner options. I am opposed to another letting this. The top floor is enough! Option to even reduce non refurbished locker room as seldom used space. Use a temp marquee on building front for the open and restrict duration of member stay times (we lost money for staging the 150th!)	7/22/2024 4:04 PM
131	Accommodation Development Adding lodging would be a great value add to the club.	7/22/2024 4:04 PM
132	No	7/22/2024 4:03 PM
133	Positive feedback I'm a 15 yr plus overseas member and have thoroughly enjoyed my yrs at SGC. Thanks to the Committee for all your hard work. I am sure you'll do what is best for the Club.	7/22/2024 4:00 PM
134	It depends on the cost. What is the present financial situation. What was all the rucus earlier about when the captain and vice captain resigned	7/22/2024 4:00 PM
135	Don't really care. Club doesn't do much I'm interested in and I'm only a member to get a cheaper links ticket and for no other reason. Haven't been in clubhouse since before COVID and see no real reason to do so.	7/22/2024 4:00 PM
136	Accommodation Development Social The club should seriously consider the investment opportunity to provide rental apartments, in time this would provide the club with profitable cash flow underpinning other retail activities & would be very well received by members visiting St Andrews Fully support the introduction of House Membership, this would require all of us to raise the quality of our F&B offering.....This category of membership will also enhance the ambience within the club	7/22/2024 3:58 PM
137	My perception is that, in general, the existing clubhouse bar is quiet. I think the survey lacks information in terms of when the basement bar would be used, how often, for what. I can think of two times where additional bar would have been useful - the Open and Town	7/22/2024 3:57 PM

Match (though even then I think I'd prefer to stay in the main bar with the atmosphere there). I've been in the basement bar once or twice, during the 150th Open and the one before. I don't recall it being a particularly great space, compared to what is available in the main bar and restaurant.
