- Children have the right to express views on all matters which affect them, should they wish to do so.
- Organisations shall work in partnership together with children and parents to promote the welfare, health and development of children.

The St Andrews Golf Club will:

- Promote the health and welfare of children by providing opportunities for them to take part in golf safely.
- Respect and promote the rights, wishes and feelings of children.

7) Confidentiality

It is essential that confidentiality is maintained at all stages of the process when dealing with safeguarding concerns. Information relating to the concern and subsequent case management should be shared on a need-to-know basis only and should be always kept secure.

GDPR And Child Protection

GDPR emphasises the importance of asking children for consent before sharing personal information. If a child is mature enough, they should be allowed to decide whether they agree to their confidential information being shared. If a child cannot make their own decisions, their parent or carer (unless this would put the child at risk) should be asked. However, if you have a child protection concern, you must share information with the relevant agencies, even if you have not been given consent. GDPR does not affect this principle.

This Policy and associated Procedures will be regularly reviewed:

Following changes in legislation and guidance from Scottish Golf on the protection of children or following any changes within Ther St Andrews Golf Club.

Following any issues or concerns raised about the protection of children within The St Andrews Golf Club.
